**EXECUTIVE PROGRAMME
IN ANTI-DOPING 2021**

ACADEMIC SCHEDULE

Dear friends and colleagues!

Welcome to the inaugural edition of the FIFA Executive Programme in Anti-doping. Together we are starting this unique programme with participants coming from around the world, with some of the most renowned experts in Anti-doping and a diverse group of legal experts with different backgrounds.

In that regard, the first module of the Executive Programme "Introduction to the Anti-doping and its proceedings" will provide you with a profound understanding of all legal matters surrounding Anti-doping, with specific reference to the WADA Code as well as of the different types of Anti-doping disputes.

During the second Module, we will elaborate in detail the most relevant procedural aspects within Anti-doping proceedings.

In Module number three leading Anti-doping cases in football, disciplinary, Olympic Games and other landmark Anti-doping decisions will be presented.

We are convinced that you will not only learn from a devoted team of acclaimed sports law and Anti-doping experts carefully chosen for the different topics, but also deepen your knowledge by sharing your own experiences gained over the years among yourself and within this diverse and fantastic environment.

The Programme will include intense sessions, packed with thought-provoking presentations and practical study cases as well as plenty of opportunities to network and discuss amongst us.

We look forward to seeing you all online!
